# Markit's Haiti Response Fundraiser

Mercy Corps is no longer accepting donations for Haiti Earthquake Recovery.

Share:

Markit raised **\$14,025** for Haiti Earthquake Recovery

About Markit

MARKIT'S CAMPAIGNS

As you are aware Haiti has recently been struck by a devastating earthquake and are in urgent need of aid. Markit will MATCH any donation that you can make toward this appeal, up to a target of \$15000 / £10000. Please use this opportunity to dig deep and give what you can, knowing that your gift will be doubled by Markit and will help provide relief to the traumatised people of Haiti.

A Mercy Corps earthquake response team is already in Port-au-Prince responding to people's most urgent needs. Their relief workers have valuable experience in disaster responses, ranging from Hurricane Katrina to the Myanmar cyclone. They're focusing first on the immediate needs -- for water, food, temporary shelter supplies and much more -- and expanding our work to three areas: clean water, post-trauma support for children and longer term, job creation to try to create a more positive future from the dreadful situation today.

Your donation will help families in Haiti recover from the most powerful quake to hit the country in more than 200 years.

The needs in Haiti are immense. Its capital lies in ruins, as many as 200,000 may be dead, and survivors are increasingly desperate for food, clean water and shelter. Please give what you can to help families recover. Markit will double your donation. so

Markit is our **4th** most successful personal fundraiser for the Haiti Earthquake Recovery.

“If humanity wishes to preserve a planet similar to that on which civilization developed and to which life on Earth is adapted, paleoclimate evidence and ongoing climate change suggest that CO<sub>2</sub> will need to be reduced from its current 389 parts-per-million to at most 350 parts-per-million.”

Submit Action Report

Sunday, 10 October, 2010 - 11:00 - 16:00

Volunteers will meet in the main courtyard of the Fruitvale Village (at Fruitvale Bart Station) for registration, team assignments, a brief rally with local entertainment. Teams will then converge on pre-determined areas within the district performing clean-up, neighborhood beautification, and positively engage and educate community members to the efforts of 350.org and similar organizations.

### Bio

I have been working near 4 years for the Oxfam International Secretariat. I started as Intranet Administrator in 2007 and currently I am the Intranet Training and Communications Officer.

### About My Work

- Oversee development and implementation of user support training materials and documentation, both online and offline, to ensure that a consistent approach to training and good practice is adopted by content managers.
- Provide training to Secretariat and affiliate staff on the use of the OI Intranet, responding to specific training needs, including both telephone and face to face training delivery to affiliates, project teams or working groups, where required. Work towards implementing e-training solutions in collaboration with the Intranet Manager.
- Along with the Intranet Assistant, respond to front line support queries from OI Intranet users, and channel technical and content development support queries to the Intranet Manager.
- Work with the Intranet Manager to ensure the OI Intranet development fulfils requirements of users, and organizational goals.
- Work proactively with content managers and users to ensure consistent practice to information management is implemented and adhered to.
- Work with the Intranet Manager to provide support to users (content managers, other users) on development and management of new content areas of the OI Intranet.
- Support the Intranet Manager to provide content management and coordination principles across the OI Intranet, by liaising with content managers on business processes and archiving.

### Current campaign

#### Turn Volkswagen away from the Dark Side.

VW is using covert forces to oppose two key European climate laws – stronger emission targets and stronger car efficiency targets. Greenpeace volunteers are inviting the public to sign postcards to VW and to TEXT JEDI to join the campaign. They are also organising regional film screenings and outreach

events to showcase the 12 shortlisted VW spoof films. Please get involved and get in touch with your local network coordinator.

## Barbie - We know your dirty secret!

We were having our monthly meeting tonight when we were suddenly aware of breaking news - Ken dumped Barbie! This wouldn't normally shake the world of a room of environmentalists but there is a vital connection here! Ken dumped Barbie because he found out she has connections to the notorious company Asia Pulp and Paper (APP). Mattel (who make Barbie) use APP packaging - and this comes from razed rainforests in Indonesia, depriving animals like the orangutan and sumatran tiger of a habitat. It's not just Mattel - other companies have links in their supply chains too.

Read all about the campaign and do something about it here:

Our New Roots program helps refugees settling in the United States stay connected to the soil and the agricultural traditions they've brought from their own countries. We help by providing the land and materials they need to grow the crops they want — and also by connecting refugees to local farmers' markets and restaurants where they can sell their bounty. The community gardens we support are not only a cornucopia of exotic produce, but a vibrant group of farmers from many nations working together to revitalize their new communities.

## Rescue Gift cards

At checkout, you will be able to choose a printed card or an e-card version for each gift you buy. Rescue Gifts are a perfect option for the holidays — you can dedicate your gift to a friend, including a personal message, and we'll send them one of these beautiful cards.
